

## ***Benefits of being an EAA of South Africa Member***

When you join the EAA, you are part of a community of aviation enthusiasts that promote and support recreational flying, and you're one of more than 180,000 members worldwide who share a common passion for all things aviation.

No matter what aviation means to you, you'll find it here at EAA.

Just getting started in aviation? EAA membership gives you a clear pathway to participation.

Interested in building and restoring? The EAA knowledge network will help make your project a success and save you time, money, and hassles.

Are you already a pilot, or planning to get your pilot's license? EAA helps you get in the air, stay in the air, and have a great time while you're at it!

Have you got planes on the brain? It's a condition we see a lot around our EAA community. Your EAA National and Chapter membership makes aviation enjoyment and participation easier and more rewarding.

Regular monthly Chapter meetings take place. Visitors are always made to feel welcome to experience why EAA Chapter 322 is such an active Chapter in South Africa, and to take part in the robust hangar talk and camaraderie that is a feature of our meetings – so feel free to bring your friends along, maybe they'll also become members.

Regular Talk shows with Flying Legends are also hosted in the EAA Auditorium at Rand Airport. Most enjoyable of all is that you will have a network of fellow aviators at your finger tips for guidance and advice, or just for hangar talk.

And if you haven't joined the international EAA, I would urge you to consider doing so. Visit [www.eaa.org.za](http://www.eaa.org.za) for more information.

It's the aircraft that bring us together. It's the people that keep us coming back. At the heart of it all is what we refer to as The Spirit of Aviation, and that spirit is present in everything we do.

***How to join is detailed in the following pages***

membership

## ***EAA Membership payments for 2018 – process:***

Should you own a NTCA, you will need to be a member of Aero Club of South Africa, in order to get your annual ATF. It is a good idea to be a voluntary Aero Club member, even if you do not have to.
